

# **MATHEMATICS SLOW PITCH SEMINARS**

Mathematics slow pitch seminars provide a forum for the community to come together and learn about interesting mathematical topics and problems. Presentations are aimed at the general public and assume no prior mathematical background.

## **Fall 2009 Seminar**

**Wednesday, December 9 at 12:30 in the Library**

- The Fall 2009 slow pitch seminar will be a series of short talks and include topics such as Different Sizes of Infinity, Black Holes and Mathematics, The Golden Ratio, and Nathaniel Bowditch: An American Astronomer, Navigator, and Mathematician

## **Interested in presenting at a Mathematics Slow Pitch Seminar?**

- See Rich Andrusiak in Room 209
