

Dear RVCC Occupational Therapy Assistant Applicant:

These are your ten steps to acceptance!

We at River Valley Community College welcome your interest in the Occupational Therapy Assistant Program. Listed are our application requirements to help you make the best choices for your future career. Please submit the following information and use this as your admissions checklist:

1. **COLLEGE APPLICATION FORM:** Located online and in the college catalog
2. **ONE SITE VISIT:** Conducted with an Occupational Therapist or Certified Occupational Therapy Assistant at a local hospital, school or other facility where occupational therapy personnel are employed. At the site visited, please complete the Site Visit Summary Form.
3. **REFERENCE FORM:** Completed by a recent employer, supervisor, or individual who knows your commitment to work and learning.
4. **INTEREST QUESTIONNAIRE:** Please type or print clearly. Use additional paper as necessary.
5. **CPR CERTIFICATION:** Must be complete prior to matriculation. Either American Heart Association (Level C) or American Red Cross Health Care Providers
6. **LIMITATIONS TO LICENSURE & FIELDWORK PLACEMENT FORM:** Signed and dated.
7. **HIGH SCHOOL (H.S.) CHEMISTRY OR EQUIVALENT:** Assure that the admissions office has your H.S. transcript. This is only waived by the director based on previous college degree(s).
8. **IMMUNIZATION FORM:** completed by a physician
9. **ESSENTIAL FUNCTIONS AGREEMENT:** Signed and dated
10. **INTERVIEW WITH PROGRAM DIRECTOR:** To be conducted after steps one through nine (above) are completed. Student should e-mail (Jennifer J. Saylor, M.Ed. OT/L) jsaylor@ccsnh.edu or call 603-542-7744 x5413 to schedule. The OTA Interview Data and Completion Form is utilized during the interview process. Please bring this form with you to the interview with the program director.

Enjoy your site visit experiences and thank you for completing this packet! We look forward to meeting you.

Jennifer J. Saylor, M.Ed. OT/L
RVCC OTA Program Director and Professor

Limitations o Licensure & Fieldwork Placement Form (OTA)

State of NH Occupational Therapy Practice Act, Chapter 326-C:

326-C:7 Sanctions Against Licensees:

- I. The Board may revoke, suspend, caution, or impose probationary conditions upon a license under this chapter, after notice and the opportunity for a hearing, when the licensee is found by the Board to have engaged in any unprofessional conduct.
- II. Unprofessional conduct shall include, but not be limited to:
 - a. Behavior in the course of professional activity which has endangered or is likely to endanger the public health, safety, or welfare.
 - b. Acquisition of a license by means of fraud, misrepresentation, or concealment of material facts.
 - c. Violation of any rules adopted by the Board, or violation of any provisions of this chapter.
 - d. Conviction of a felony by a court of competent jurisdiction, or conviction of any crime if the Board finds the guilty conduct to have direct bearing on the ability to serve the public as an occupational therapist or occupational therapy assistant.
 - e. Unethical conduct as defined by the Board and the advisory committee with reference to the American Occupational Therapy Association Principles of Occupational Therapy Ethics.
- III. A license or applicant aggrieved by a final decision of the Board under this section may request a rehearing and appeal to the superior court for review on the administrative record established by the Board, pursuant to RSA 541.

Fieldwork Placement

All placements for fieldwork are arranged by the fieldwork coordinator with input from each student. Fieldwork placements are New England Wide. Students may need to travel and/or relocate for one or more of their three placements in the region. Some placements outside of New England are specially arranged dependent upon availability, quality of supervision, and practice areas.

*****CANDIDATE FOR MATRICULATION TO THE OTA PROGRAM:
RETURN THIS FORM TO THE PROGRAM DIRECTOR**

River Valley Community College
OCCUPATIONAL THERAPY ASSISTANT PROGRAM
ESSENTIAL FUNCTIONS (revised 2011)

Becoming an occupational therapy assistant requires the completion of an education program that is both intellectually and physically challenging. The student will be expected to acquire knowledge, motor skills, and behavior and attitudes that are necessary to provide ethical, safe, effective, compassionate patient care. The purpose of this document is to inform students in the Occupational Therapy Assistant (OTA) program of the demands that they can reasonably be expected to meet, with or without reasonable accommodation, while participating in the program. These standards reflect reasonable expectations of the OTA student for the performance of common Occupational Therapy functions encountered in the program. They are also reasonable expectations of employers; however, employers may have different standards. The ability to meet these standards with or without accommodations does not guarantee employment upon graduation.

Each candidate in the AS in OT degree program should possess the following abilities and skills:

Motor: The candidate should have sufficient gross and fine motor capabilities to execute the movements and skills required to provide safe and effective occupational therapy treatment. This includes, but is not limited to:

1. Sufficient coordination, speed, strength and agility to assist and guard (protect) patients who are walking, exercising or performing other activities.
2. Ability to adjust, move and position patients and equipment which involves bending, twisting, pushing and pulling, and reaching in order to guide, transfer and lift equipment and individuals.
3. Ability to guide, resist, and assist patients, and to provide emergency care, which involves activities including standing, kneeling, sitting, walking and crawling.
4. Ability and dexterity to fabricate, apply and monitor adaptive equipment, perform and demonstrate functional activities and administer components of sensory, motor and Activities of Daily Living Skills (ADL) assessments.
5. Sufficient endurance to move about a classroom or clinical environment steadily throughout the day, including movement across distances, movement from one floor to another, and negotiation of small spaces.

Sensory: Candidate should have sufficient sensory abilities to assess and monitor patients, observe physical movement, participate in physical measures, and recognize and respond to patient needs and unsafe situations. Candidate should have the ability to obtain information in classroom, laboratory or clinical settings through observation, auscultation, palpation and other measures, and requires abilities including, but not limited to:

1. Visual ability (corrected as necessary) to recognize and interpret facial expressions and body language, to observe patient performance in therapy, to read or set parameters on occupational therapy equipment, and to interpret and assess the environment.
2. Auditory ability (corrected as necessary) to recognize and respond to verbal directions and requests, to be aware of safety mechanisms in the environment, and for effective communication between patients/families/co-workers.
3. Tactile ability to palpate muscle contractions, to discriminate hot and cold modalities, to exert the necessary pressure to fabricate splints, and to identify joint articulations.

I have read and understand the essential functions for the practice of and Occupational Therapy Assistant:
