The following is the most current program effectiveness data from the associate degree in Radiologic Technology program at River Valley Community College. This report includes less than 5-year data. As defined by the Joint Review Committee on Education in Radiologic Technology (JRCERT), the program effectiveness data documents program completion, credentialing examination pass rate and job placement rate. Information regarding program effectiveness data may also be found on the JRCERT website at .

Evaluation Criteria	Calculation	Rationale	Benchmark	Program results
Five-year average national credentialing examination pass rate on first attempt. (2015-2019)	The number of graduates who passed the ARRT (American Registry of Radiologic Technologists) certification examination on the first attempt within six months of graduation	During the five-year period, 41 took the ARRT examination, 20 successfully passed the ARRT examination on the first attempt within six months of graduation. 4 pass second attempt, 2 pass third attempt and 1 pass after taking advance placement.	75%	20/41 = **49%**
Five-year average job placement rate within twelve months of graduation. (2015-2019)	This is the number of graduates who are employed in the radiologic sciences within twelve months of graduation compared to the number of graduates who are actively seeking employment.	From 2015-2019, approximately 37 graduates were seeking employment; 34 graduates obtained employment within 12 months of graduation. 6 out of 41 graduate were not actively seeking and 1 continue education	75%	34/37 = **92%**
Five-year average program completion rate (2015-2019)	This is defined as the number of students who started the program divided by the number of students who completed the program	From 2015-2019, 52 students started the program, 41 students have graduated the program.	80%	41/52 = **79%**
Annual program completion rate (2019)	14 students enrolled in the program/ 12 graduated		80%	**86%**
