

Healthcare Applications

Looking for a career in Healthcare?

Go in with a competitive edge!

The Program

The Healthcare Applications Certificate Program prepares students for entry level professions in the health care industry. Upon completion of the program, students will:

- Have foundational knowledge of the human body and body processes that impact health
- Understand legal and ethical issues impacting healthcare
- Appropriately use medical terms when discussing patients/clients with other members of the healthcare teams
- Understand the impact of insurance, including Medicare, on healthcare delivery
- Work within the standards of HIPPA
- Possess communication skills necessary for interaction with patients/clients
- Accurately use technology related to healthcare delivery services
- Safely assist patients/clients with transferring and with assistive devices
- Obtain knowledge and skills related to job performance

Students who complete this certificate are also in a good position to pursue further education via a 2-year or 4-year degree in Health Sciences.
